Why Not Get Rid of Eczema?

If your skin itches and burns with eczema or any such tormenting, itching skin disease, simply wash the sore places with Resinol Soap and hot water, dry, and apply a little Resinol Ointment. Usually the itching stops INSTANTLY, you no longer have to dig and scratch, sleep becomes possible, and healing begins. That is because the soothing, antiseptic Resinol medication arrests the action of the disease, and almost always restores the tortured, inflamed skin to perfect health—quickly, easily, and at little cost. Prescribed by doctors for over 20 years, and sold by every druggist.

What the Right Soap Does for Your Skin

Money cannot buy a purer, more cleansing toilet soap than Resinol Soap. And the healing Resinol medication in it helps to keep the complexion clear, fresh, and beautiful.

HOW I CURED MY CATARRH TOLD IN A SIMPLE WAY

Without Apparatus, Inhalers, Salves, Lotions, Harmful Drugs, Smoke or Electricity

Heals Day and Night

It is a new way. It is something absolutely different. No lotions, sprays or sticky smelling salves or cream. No atomizer, or any apparatus of any kind. Nothing to smoke or inhale. No steaming or rubbing or injections. No electricity vibration or massage. No powder. No plasters; no keeping in the house. Nothing but I AM FREE—You Can Be Free

My catarrh was filthy and loathsome. It made me ill. It dulled my mind. It undermined my health and was weakening my will. The hacking, coughing, spitting made me obstinate to all, and my foul breath and disgusting habits made even my loved ones avoid me. My delight in life was dulled and my faculties impaired. I knew that in time it would bring me to an untimely grave, because every moment of the day and night it was slowly yet surely sapping my vitality.

But I found a cure, and I am ready to tell you about it FREE. Write me promptly.

RISK JUST ONE CENT

Send no money. Just your name and address on a postal card. Say: "Dear Sam Katz: Please tell me how you cured your catarrh and how I can cure mine." That's all you need to say. I will understand, and I will write to you with complete information, FREE, at once. Do not delay. Send postal card or write me a letter to-day. Don't think of turning this page until you have asked for this wonderful treatment that can do for you what it has done for me.

Tiltson Buildings Practically All Destroyed by Fire.

The large barn of T. R. Tiltson was burned to the ground and his substantial brick house was practically destroyed Monday night, and it was only by hard work that more property in the village was not consumed. As it was, the point on the house of William Rogers just across the street was scorched and blistered by the intense heat. The fire started in the Tiltson barn, and the cause is not known, although spontaneous combustion in the hay is the only theory at present known. Shortly after smoke was seen issuing from the barn the whole structure was a mass of flames, the 40 to 50 tons of hay furnishing very inflammable material for the fire. Mr. Tiltson's neighbors responded promptly, and then people came from miles around, attracted by the lurid glare. All turned to with a will and succeeded in saving seven cows, a horse and five hogs which were kept in the barn. There was no chance to save the barn, so the efforts of the volunteers were directed toward keeping the flames away from the house if possible. There was nothing but a large chemical available, together with buckets, but so well were those used that the progress of the flames was stopped, the house at one-half of the house had been consumed, the house being connected with the barn by an ell. A good share of the household furnishings was saved. The house was one of the landmarks of the village, being known as the Watson place, and the barn was built in 1893. Mr. Tiltson plans to rebuild as soon as possible. Agents of the Union Mutual Fire Insurance company of Montpelier, in which the burned property was insured for \$2,200, were on the grounds yesterday and promptly settled the loss at the figures asked by Mr. Tiltson. Mr. Tiltson feels very grateful for the work of the volunteer firemen. He is stopping for the present with neighbors.

And Mamma Did Some Thinking.

When Josephine was six years old she was taken for the first time to see a trained animal show, and came home much pleased with the performance. As she was at times slow to obey, mamma

thought this a good time to teach a lesson, so she said, "Don't you think, Josephine, if dogs and ponies and monkeys can learn to obey so well, that a little girl like you, who knows much more than the animals, should obey even more quickly?"

"Of course I would, Mamma," came the instant reply, "if I had only been as well trained as they have."
